

New Hire Training Connecting to Amazon Chime

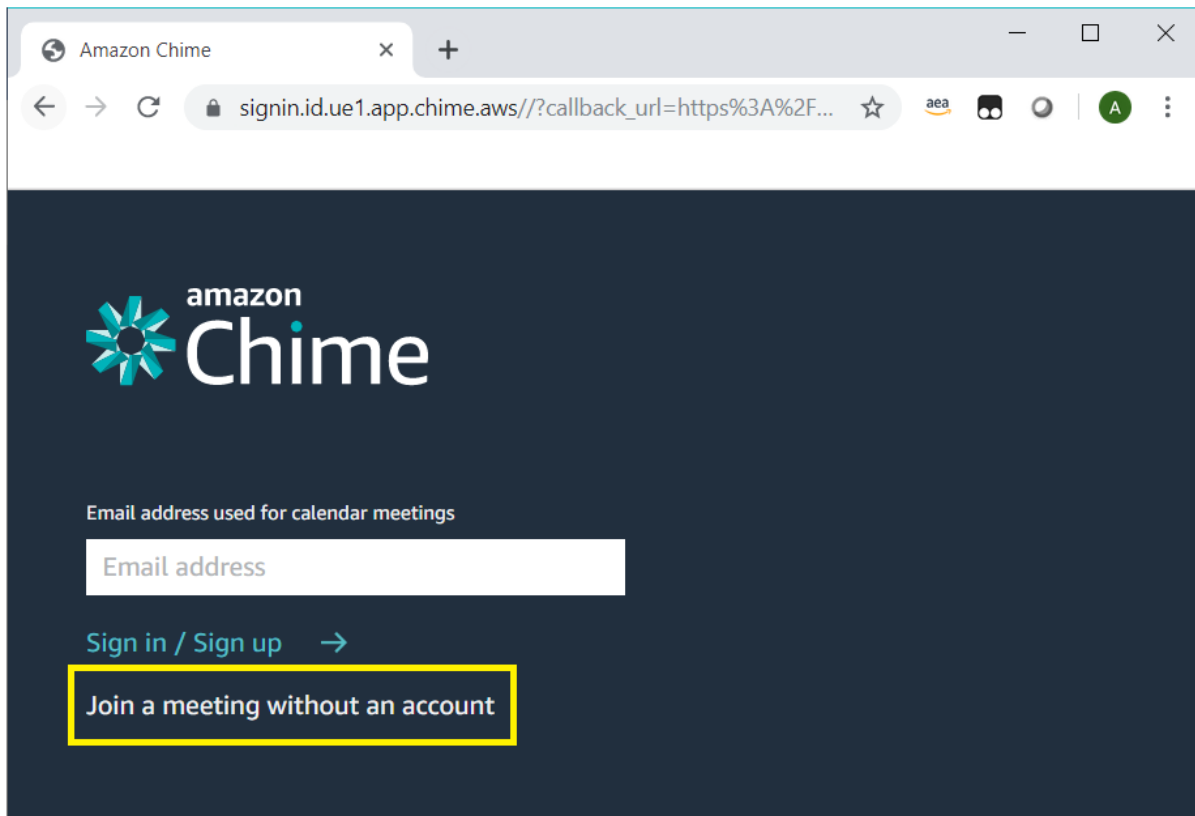

Step 1: Since this is a call you will need an audio device connected, so connect your USB or personal headset to a personal device (cell phone or computer).

Step 2: Go to the Amazon Chime website by entering the following web address to the browser's search bar. This will open the Amazon Chime application.

<https://app.chime.aws>

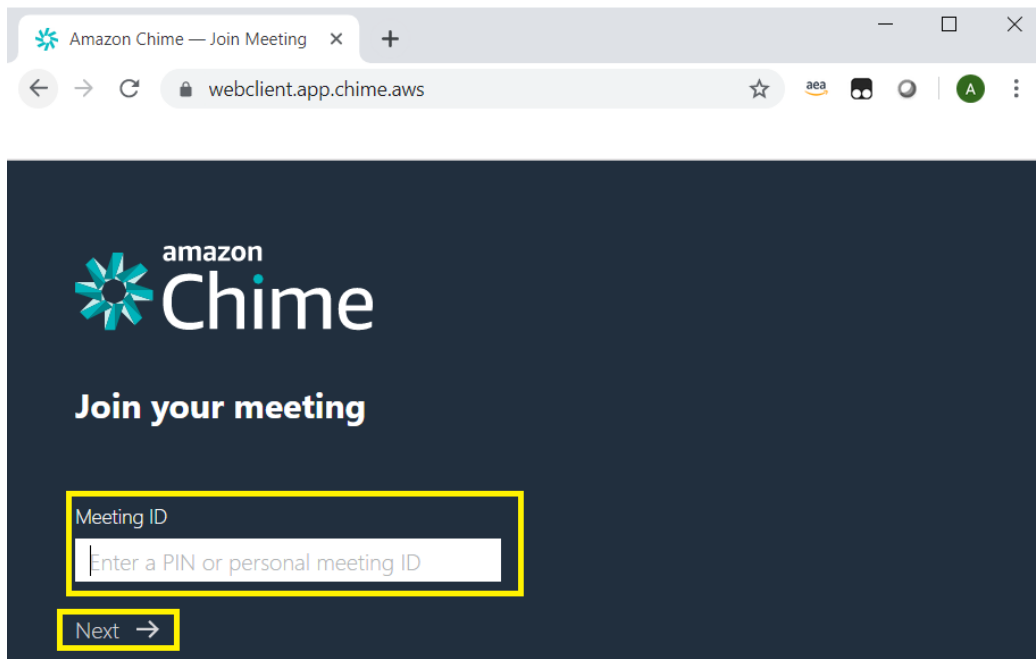

Step 3: Once you access the Amazon Chime website, click “Join Meeting without an Account”.
